About Me

I am a multimedia design student with a passion for frontend development and UX/UI design. I'm eager to contribute to a dynamic development team and learn as much as possible during my front-end development internship.

I have many years experience as a teacher, providing me with strong communication and teamwork skills. I pay attention to detail and I'm an effective problem-solver.

Skills

Tools

- VS Code

- WordPress
- User Research
- Wireframing
- Prototyping

Projects

Sep 2023

Weather App

Development | API Integration

A weather app project created to learn JavaScript and API implementation. With this app, users can check the current weather conditions for a location by entering the city name. With Apple Vision Pro UI.

May 2023

Hlousek & Brokers

Research | Web Design | Development

Designed and developed an online platform for H&B. This comprehensive project spanned from initial research to the final implementation, ensuring a seamless transition to the online world.

Dec 2022

Culture Cave

Research | Web Design | Development

Culture Cave is a web project that I developed as my solo exam project in December 2022. The objective of this project was to create a website dedicated to uncovering the hidden gems of Verona, Italy, ranging from food spots to wine shops and charming bars.
